## Description

**Flea Market** is a module that allows customers to sell goods bought from your e-store. Combination of two facts: customer made purchase in your e-store and now wishes to sell the item which doesn't fit him/her properly is a necessary prerequisite for using this module.

See a detailed description of how the said module can benefit your business here: [Flea Market \(module description\)](#).

## How to buy "Flea Market" module

"Flea Market" module is sold separately and is not included in any version of OT Box. It is an add-on which is intended to increase customer loyalty.

Contact OT manager in your Skype chat to purchase this module and follow further instructions given.

Besides, manager will answer your questions on module and methods of payment.

## What items can be added?

Only items from completed (i.e. paid and received) orders are allowed to be sold. User can put an item up for sale in his/her Personal area (on the "Completed orders" tab of the "Orders" section).

Recipient data

Buyer can upload photo of an item, set his/her own item price and quantity, add description, as well as contact information to get in touch with him/her. Buyer clicks “Put up for sale” button once all these fields have been completed. Item is referred to administrator for moderation after that. User can edit information about the item. In such a case, the item will be submitted for moderation again.

**Item is not displayed on the website until it is reviewed by a moderator again.**

Admin interface includes “Pristroy” section which lists all items offered for sale (“Catalog” section in admin area).

Administrator may approve an item (item will be visible on the show-case after that), decline it (once done, user will be notified of that, providing the reason for declining), or remove (for example, in case it has been sold).

Sold items won't be displayed on the list.

## Using "Flea Market" module: general rules

1. Items in the list cannot be added to the shopping cart on the website. Customer can get in touch with a seller using provided contact information and settle issues related to payment and shipping of the item on his/her own.
2. Sold item has to be removed in User's Personal Account. After that, the item won't be viewable on the website while the user cannot put the same item up for sale once again.
3. Registered users can leave comments, ask questions or get more detailed information about the item on the item page (on the "Reviews" tab). The item's owner can also make a comment about the item and answer the customer's questions.

## How to use "Flea Market" module functionality in User's Personal Account

When user wants to sell an item which he/she has already purchased he/she needs to go to completed orders list in his/her Personal Account and click "Put up for sale" button next to appropriate item.
