This is where news articles are created to be displayed on the homepage.

Go to: Content > News in the admin area.

Description

The News Module permits presenting the news of your e-store on the website. This allows newcomers to realize that your website is alive, responsive and dynamic whilst your regular customers stay informed of important changes.

For example, in the News section one can see:

- Change in work schedule
- Purchase discounts and special offers
- Information about various important events that occur in your own business or your business with Taobao
- Notifications of public holidays
- Modifications to User Agreement and Contract Offer

News is displayed in a specific section whereas a list of most recent articles appear at the top of the homepage.

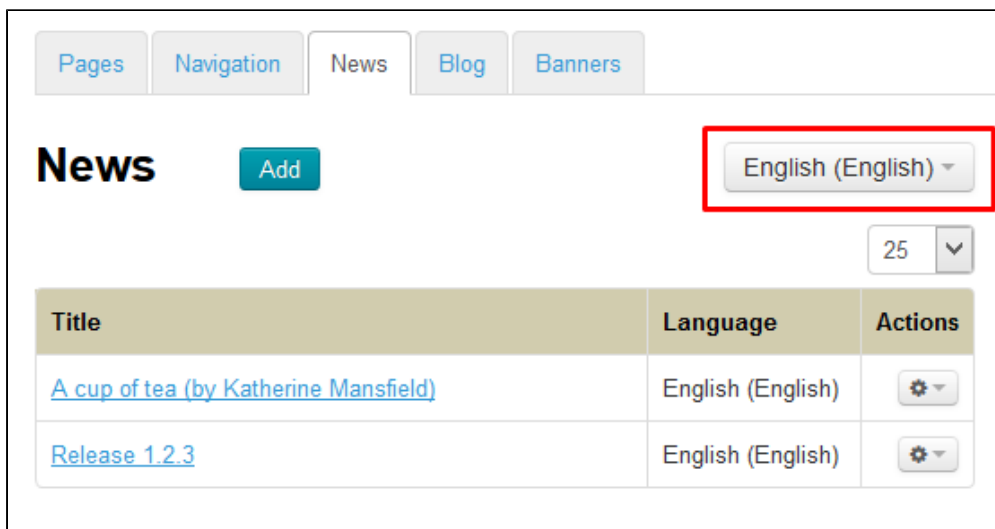

Language Version (The Multilingualism module)

You can also select the site's language you want to work with at setup time (the installation language) in this subsection.

Important!

Switching between different languages is possible with the [Multilingualism Module](#) at hand. Detailed information on this module can be found on the website <http://en.opentao.net/products/Modules>. The "Languages (Configuration)" section contains instructions on how to work with this module.

To alter a language version select the dropdown list of available language options that appears in the right-hand side of your screen.

Click on the appropriate language.

More than two years in the making, adidas has today unveiled the most technologically-advanced and blackest All Blacks jersey against England.

The jersey features the world's most advanced apparel technology and innovative materials, developed exclusively for the All Blacks. From mapping players' bodies in motion to creating two different fits and making it the blackest ever, adidas has produced a jersey like never before.

Simon Cartwright, Senior Vice-President – adidas Rugby, says: "Every aspect of the new All Blacks jersey has been developed in partnership with the All Blacks. From mapping players' bodies in motion to creating two different fits and making it the blackest ever, adidas has produced a jersey like never before."

Actions (with News Articles)

Edit

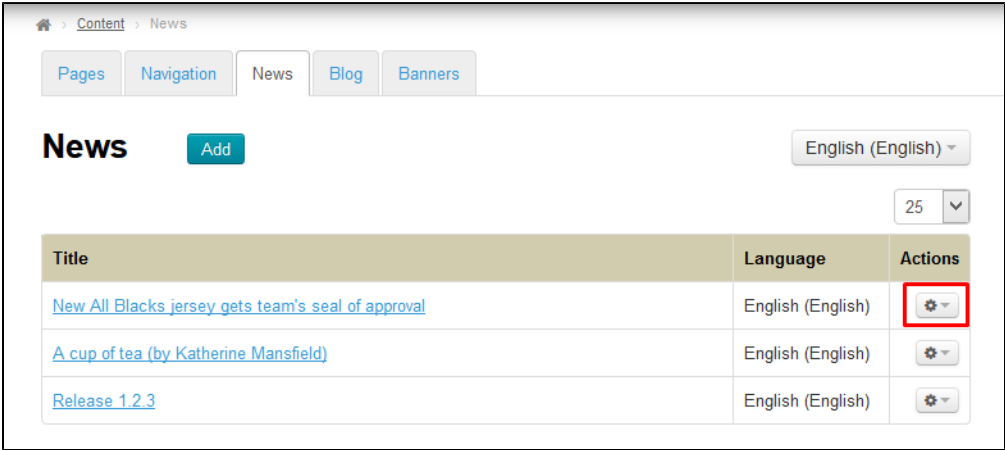

Editing a news article can be performed by two ways:

- 1. Modifying any fields in the admin area
- 2. Modifying the body of a news article on the website.

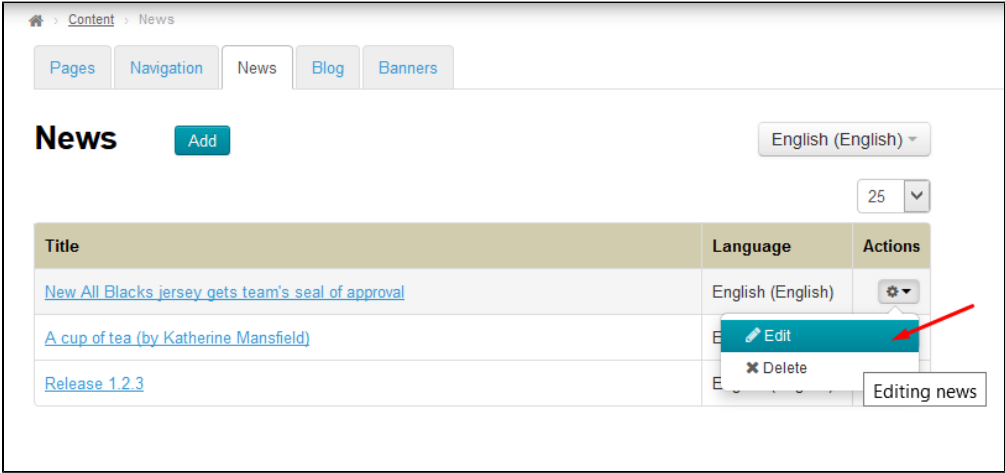

Let us consider each variant.

In the admin area

Click the gear button in the "Actions" column to edit a news article.

You will be presented with different menu options. Click the "Edit" menu item.

You should see the form similar to that for adding a news article.
