

# Description of demo site templates of OpenTrade Commerce Platform

Description of demo site templates of OpenTrade Commerce Platform

## General description

All standard templates of demo website are in templates/ folder

It's necessary to copy required template into templatescustom/ folder for its customization. For example, we customize template templates/main/headernew.html. It's necessary to move it from templates/main/headernew.html to templatescustom/main/headernew.html if we need to customize it.

## Showcase templates description

There are folders with files in templates folder. They are listed in Table 1. Table shows examples to corresponding pages on demo website <http://demo.opentao.net>
