Add by link to brand

You can also add brand by link or id. First, let's see where you can get a link to a brand or its id.

Open home page of your website and add /brands in address bar.

Click "Enter" on your keyboard and a page with all available brands will open:

Click necessary brand.

You can copy the whole link on the brand page or only its id (marked red. Value after brand=).

Add the link or id in admin panel on "Popular Brands" page. Click "by link".

Add Cancel	

But you want more brands, then you need to add them through "Brands" tab:

Change order in brands list

Click the cross with arrows to the left of the brand to change brands order in "Popular brands" list.

Drag selected brand to new location without releasing mouse button.

Release mouse button. Brand changed order. Click "Save order" button to save changes:

Order is saved both in the admin panel and on the site after clicking the button.

Delete brand from collection

Click "Delete" (a red cross) button to remove brand from "Popular brands" list:

Confirm choice by clicking "Yes" button:

Confirmation required	×
Do you really want to remove this brand from the collection?	
	Cancel

Brand will be removed from "Popular brands" collection after confirmation.

You can easily turn it back using "Add..." button since you delete record from collection only instead of brand itself.

Clear popular brands collection

You can use special button in the right part of the page to clear collection completely.

Collection will be completely cleared after clicking if you confirm action and click "Yes" button.
