Dear Customer.

Please note that we will not accept requests for individual site customization any more. The reason is our new course to improving the quality and development of OT Box functionality for all clients.

If you have suggestions and ideas about OT Box upgrades and improving, please use our [forum](#) to share and discuss them with other customers and OT team.

If you want to upgrade your Box and order a new module or other customization for your site, leave a request or search through the suggestions of outsourcers on the [OT Forum](#).

If you wish to apply for:

- Installation site,
- Update site,
- Installation of the Special Search,
- Connection of the payment system

select the appropriate option.

Note! We consider only the requests for the listed tasks and do not guarantee completing of your application, if it does not apply to the issues above.
